

Waze Carpool is a flexible carpooling app available to Redmond commuters. In order to encourage the adoption and use of this new carpooling technology, Go Redmond is working with Waze to provide grant funding to Redmond employers. The Go Redmond grant will provide eligible Redmond employers with incentives for riders and drivers at your worksite who use the Waze Carpool service.

About Waze Carpool:

Waze is all about contributing to the 'common good' out there on the road.

By connecting drivers to one another, Waze helps people create local driving communities that work together to improve the quality of everyone's daily driving. That might mean helping them avoid the frustration of sitting in traffic or shaving 10 minutes off their regular commute by sharing the ride.

How Waze Carpooling Works:

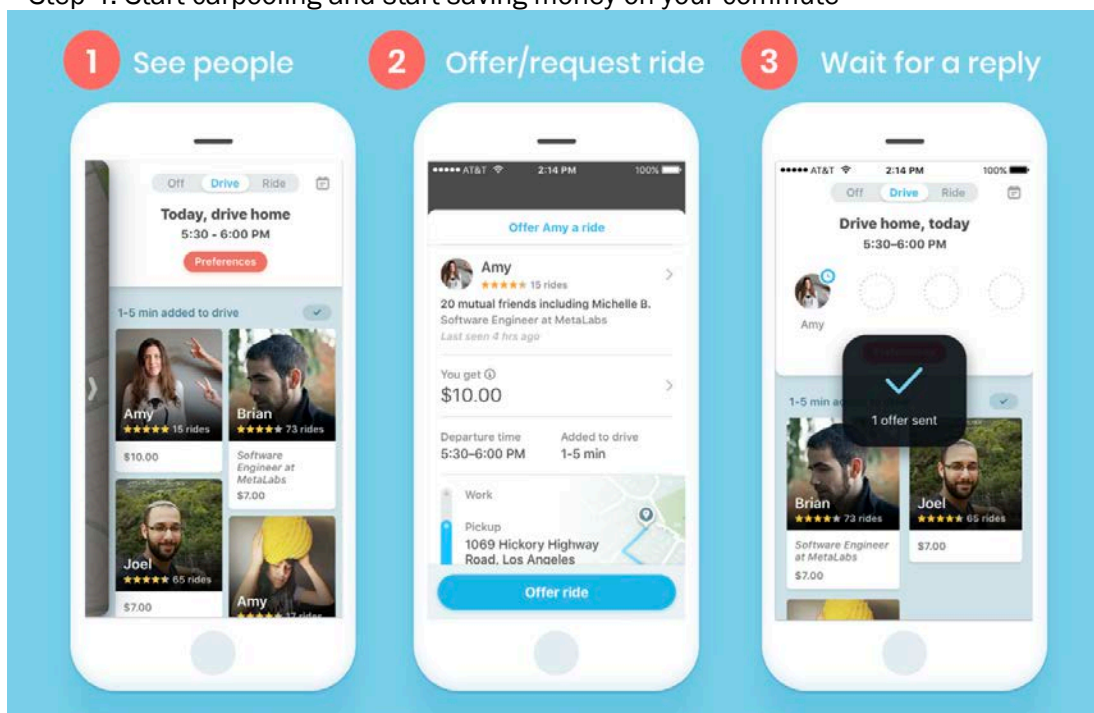

Waze Carpool is a fun, cheap and efficient way to get around. Because riders only help cover the costs of the drive, rides will never exceed \$0.54 a mile, which goes to the carpool drivers.

Request a carpool ride (rider)

- Step 1: Download Waze Carpool (iOS / Android)
- Step 2: Verify your work email address –**required to trigger subsidized rides!**
- Step 3: In the app, tap Request ride & select the days you want to carpool
- Step 4: Relax in the passenger seat...commuting just got easier

Offer a carpool ride (driver)

- Step 1: Download Waze (iOS / Android)
- Step 2: Verify your work email address to better match with coworkers **and to trigger subsidized drives!**
- Step 3: In the app, tap Offer ride & select the day(s) you want to carpool
- Step 4: Start carpooling and start saving money on your commute

Waze Carpool Program Grant Application

What Waze Provides Employers:

- Free marketing tools and turn key resources for ETCs
- Free launch team comes to worksite for a kickoff event
- Two months of free rides for employees

Grant Details:

- Grant funds up to \$5,000 per grantee. Funding will be available for Waze Carpooling credits and incentives for your employees who are riding or driving with Waze.
- The grantee must be a Redmond (98052) business.
- If approved, the City of Redmond will reimburse up to \$5,000 to Waze towards the cost of rides and incentives for drivers.
- To facilitate such reimbursement, grantee agrees that Waze is permitted to share monthly invoices with the City of Redmond, which may or may not include trip data.
- By submitting this application, each grantee hereby agrees to provide its Waze monthly performance summary to City of Redmond upon request until its grant funds are fully applied. Grantee understands that by sharing its monthly summaries with the City of Redmond, that the City of Redmond can use such data for its own purposes, including marketing purposes, but only if the data is aggregated and anonymized with other grantee data. Waze shall not be responsible for City of Redmond's usage of any grantee data.

Complete the following application and return to ckchapman@redmond.gov and jfried@waze.com
Applications are due by July 9, 2018.
